

The FF Christopher A Santora 2025 Educational Scholarship Fund Question

We have begun a new era in the USA. We have a new president who has vowed to change many things. As a new voter or future voter how do you feel about the changes that are being proposed? Are there things that you like? Are there things that you do not like.

Were you happy with how the election turned out? If so why. If not why not. Write an essay using about 750 words to share your thoughts.

Scoring:

Your essay will be marked by 5 judges. All identification will be removed. When you submit your essay, please type your response using double spacing (this is for the judges). Put your name and contact information - email, phone number address on the back of each page. When we copy your essay for the judges we will not copy your information. The judges use a rubric for scoring: spelling and grammar 10 points. Answering the question 20 points. Personal voice 10 points. Creative/original/ unique/ individual response 10 points. Perfect score is 50. The winning essays usually score high on the last 2. Good Luck!

All essays must be in our hands no later than February 28, 2025. We will then copy and send to our judges. The judges decisions are final. The highest scoring essay will be deemed the winner. We will contact you no later than March 31, 2025.
