ESSAY QUESTION FOR THE YEAR 2024

2023 has been a difficult year around the world. It has been difficult in America as well. We, in America have seen inflation, an influx of migrants pouring into our country on the Southern Border, Congress members who have lied and cheated, an extreme division in our country between our major parties - Democrats and Republicans, an unpopular president and vice president, many protests and in general a great unrest that has not been seen in many, many years.

If you were in charge of making changes, what are 3 changes you would make? How would you implement these changes? Who would you ask to help you? How could they help? Write an essay of no less than 500 - 750 words to express your views.
